Proud to Service Palmdale

WM and the City of Palmdale are proud to present you with this updated service guide to your recycling, organic waste and trash collection services to comply with California State Senate Bill (SB) 1383. Services and rates are effective July 1, 2023.

Residential Cart Service

Standard residential service includes one 96-gallon recycling cart, one 96-gallon organic waste (formerly green waste) cart, and one 96-gallon trash collection services. Additional carts available for an additional charge. Please make sure to check the lid to confirm what goes in each container.

Cart Service Reminders

1. Place all waste and recycling in the appropriate container and close the lid so that it fits tight to the cart body. Trash, organics, and recyclables left outside the carts will not be collected.
2. Place your carts at the curb by 6 a.m. on collection day. Emptied carts should be removed from curbside following service.
3. Roll carts into street and place them against the curb with the handles facing your home. Place carts at least three feet apart from other carts and objects.

Holiday Schedule

Waste collection does not occur on the following holidays:
- New Year’s Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

When a holiday falls on a weekday, collection will be delayed one day for the remainder of the week. If a holiday falls on a Saturday or Sunday, there will be no delay in service.

Why SB 1383?

SB 1383 aims to slow climate change by diverting organic materials from landfills, recovering 20% of edible food, and redirecting it to food-insecure Californians. Disposing of organic waste rather than composting it creates 20% of California’s methane emissions. Methane is a climate super pollutant and is 84 times more potent than carbon dioxide.

Container Color Transition

SB 1383 requires collection containers to be uniform in color across the state by 2036. In the City of Palmdale, carts and bins will gradually transition to the new color scheme to minimize disruption to your service. Ensure you check the lid or label for instructions on using the container correctly and avoid contamination. See below new color scheme.
